WHO WE ARE

The National Association of Haitian Professionals, also known as NAHP, was created in 2011 as a non-profit organization with the vision of becoming the premier organization serving Haitian professionals in the Diaspora.

The NAHP is dedicated to preparing Haitian professionals for leadership positions throughout the U.S., so that they can provide the cultural awareness and sensitivity vital in the management of the nation's diverse workforce.

The NAHP is dedicated to developing partnerships that result in the creation of intellectual and economic wealth within the Haitian community while creating mentoring opportunities between Haitian professionals and high school or college age students to assist in growing the talent pipeline of professionals in various industries.

WHY JOIN NAHP?

Networking:

An opportunity to network and build long lasting relationships with like-minded individuals who are passionate about development and sustainability of Haiti.

Knowledge:

The saying goes to say that “*Knowledge is Power*”. This still holds true today which is why we, at NAHP, strategically and prudently continue to bring together the talents of respective individuals in their fields to serve the Haitian diaspora by bringing forth accurate and well research information that serve the advancement of the larger Haitian community.

Become An Agent of Change:

Nothing was ever done simply by thinking about it, but by talking about it and planning out solutions. NAHP charges itself to bring forth the most pressing issues concerning Haitians throughout the diaspora and bringing the best of us together to work systematically towards creating solutions.

The Path to Success

SEE WHAT PREVIOUS ATTENDEES HAD TO SAY ABOUT OUR CONFERENCE!

"NAHP's One-Day Symposium on Haiti Investment and Education last year was helpful to me in terms of connecting with other professionals in the Haitian community and listening to their experiences in their various fields of work. I would encourage other individuals to join NAHP because the organization is doing an excellent job in providing ways to help empower Haitian students and professionals to make a difference in their communities. NAHP also has been effective in bringing about awareness and finding solutions to combat the current issues that are affecting Haiti."

Nathasha Nazaire, Graduate Student, New Jersey City University

"NAHP is doing some great work in educating the diaspora about business opportunities in the US and Haiti. Attended the conference this past summer where there were over 250 people that attended in Newark NJ."

Philippe Saint-Cyr, Executive Director, AMCHAM Haiti

"I had the great pleasure of being invited to speak at one of NAHP's symposiums. It was an exceptional experience, and the beginning of an engaging and fruitful relationship. I commend their work on behalf of Haitian Professionals and look forward to our continued interaction."
